

Product Specification Report

Rev. 1.0

POLISH ECLAT is a polish that can be used on all types of bodywork, to give a high shine finish without causing damage to the surface.

POLISH ECLAT

High lustre car polish

FEATURES:

Renews	Revives paintwork on bodies of cars, lorries etc. Contains mild abrasives that polish the surface to give high lustre finish.
Silicone free	Contains no silicones.
Versatile	Can be used to polish car bodies, ship hulls and metals. Also suitable for oxidized paints and metals (copper, stainless steel, chrome etc.).
Easy to use	Simple application: just spray the product and rub well until it disappears.

APPLICATIONS:

Polishes different kinds of body work.

INSTRUCTIONS FOR USE:

Shake well before use (contains a ball bearing). Spray at a distance of about 20 cm (8") from the surface to be treated. Let the product stand and then use a cotton pad or fine cloth to rub the surface until the product disappears. Use a clean, dry cloth to finish polishing.

PRECAUTIONS FOR USE:

Take care that the product is not used on anodised aluminium. Do not freeze; do not store at temperatures of under 5°C (41°F). See the conditions for use listed on the packaging.

SPECIFICATIONS:

FormAerosol
 Odour.....Typical
 Flash point:> 65°C
 Density at 20 °C1,07 g/cm³
 Solubility in waterInsoluble
 Net volume± 400 ml
 Net weight.....± 395 g

All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.
