

PRODUCT SPECIFICATION REPORT

An aerosol vandal mark remover formulated with a blend of selected solvents including aromatic and chlorinated hydrocarbons, ketones and alcohols.

ERASE™

Aerosol Vandal Mark Remover

PROD.#0311

FEATURES/BENEFITS:

Synergized Solvent Action	More effective against a wide variety of vandal marking materials than any single solvent.
Highly Effective	Quickly removes the most stubborn marks and stains including spray paint, ballpoint pen, felt marker, pencil, lipstick, inks, adhesives, crayon, etc.
Saves Time and Money	Works quickly. Reduces the frequency of repainting, refinishing, and reupholstering (vinyl). All but eliminates the need for expensive and erosive sand blasting.
Convenient	Handy aerosol form is easy to use. Simply spray and wipe. No mixing, measuring, or waste. Saves time and labor.
Harmless to Most Surfaces	Will not affect brick, ceramic, glass, concrete, metal, vinyl, Formica, and many other surfaces within normal contact times. Test before using on plastics and paints for cracking, crazing, removal, or other damage.

APPLICATIONS:

Excellent for use by schools, municipalities, hotels, motels, hospitals, offices, factories and transit systems for graffiti removal and general purpose cleaning.

Particularly useful in: Airport Terminals, Department Stores, Operators of Apartment Buildings, Child Day Care Services, Eating & Drinking Establishments, Parks & Recreation Facilities, Cleaning and Maintenance Services, Hotels & Motels and Schools & Educational Services.
